

MORTGAGE LOAN PROCESSOR

First American Bank has an opening for a Mortgage Loan Processor to join our team. You will work with our customers and Mortgage staff throughout the entire Mortgage Loan Process.

Primary responsibilities: prepare, review and submit loan documentation for approval; verify income & employment information and enter information into the loan software. You must be customer service oriented and have working knowledge of Microsoft Word & Excel.

Experience in a Mortgage Lending environment is preferred. Must be able to pass a credit, background and reference check. This position may be located in Albuquerque or Las Cruces, New Mexico.
